Duct Spigot Size	160mm Ø

## DESCRIPTION

The Ductaire 1000 offers an excellent compromise between working area and bench space. At just 1000mm wide, the unit will be well suited to smaller laboratories or school prep rooms where space is at a premium, but is also large enough for most operations. The unit provides full compliance with COSHH regulations and with BS7258:Part 4. The Ductaire 1000 offers excellent value for money and a variety of features to provide an excellent ducted fume cabinet.

## CONSTRUCTION

- Fully welded highly chemically resistant industrial quality white Polypropylene with clear acrylic front folding sash
- Integral chemically resistant fully welded polypropylene work surface with deep side lip for spillage retention

## FEATURES

- Compact Design - Fits Through Standard Doors
- Integral low airflow alarm with audible and visual alarm
- Fully isolated lighting
- Side mounted cable entry port
- Fully chemical resistant

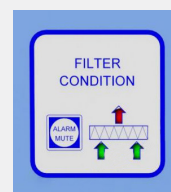

## OPTIONS

- Deep Lipped Spillage Tray
- Integral Remote Fan Switching
