

## SEDGWICK 571 MORTISER

### DESCRIPTION

Cast iron base, table, column and slideways provide a rigid and durable mainframe assembly. Chisel head is counterbalanced, giving fingertip control and eliminates breakages associated with spring type mechanisms.

### FEATURES

- Table with longitudinal and lateral movement on a single handwheel control.
- Angled timber clamp with three fixing positions.
- Length stops and two depth stops on the chisel head for haunching, thus reducing 'marking out' time.
- Heavy duty 1/2" industrial chuck with hinged chuck guard.
- Control gear with no-volt release and overload protection.
- Mushroom-headed stop button

### AES PART CODE/ORDERING TABLE

Sedgwick 571 Mortiser (1PH)	WE-MT01-001
Sedgwick 571 Mortiser (3PH)	WE-MT01-003

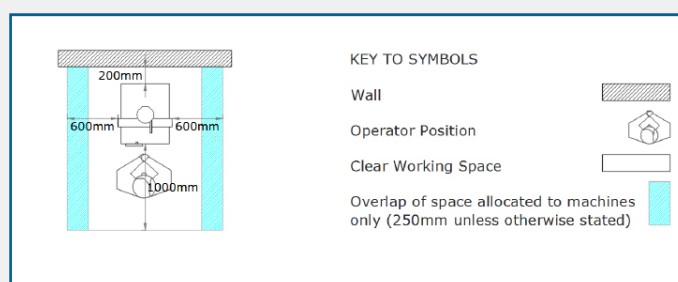

### TECHNICAL SPECIFICATION

Maximum chisel size - Hardwood	19 mm
Maximum chisel size - Softwood	25 mm
Timber capacity	255x200 mm
Stroke chisel head	120 mm
Table size	500 x 160 mm
Table Movement - Longitudinal	430 mm
Table Movement - Lateral	80 mm
Motor Power Rating	1.1 kW
Dimensions	735x630x1520
Nett Weight	169 kg
Voltage	1PH 230V 3PH 415V

### SAFETY

The drive assembly is totally enclosed by the rear machine guard, removal of which provides easy access to the motor drive assembly for any necessary maintenance. The cutterblock is guarded at the rear by a fixed guard attached to the fence, and at the front by a bridge type guard.
