NEDERMAN FX2 ESD/EX ARM HOODS & ACCESSORIES

FX Combination Hood	
Part No.	**Description**
70500244	FX-Combi hood-ESD/EX-D50/75/100. Black combi hood, made of conductive ABS plastic, is designed to capture low energy contaminants which is explosive or has a risk of electrostatic discharges. It can be attached directly on minihood, irrespective of arm size. The ergonomics of handle design on both sides of the hood make it easier to maneuver.

FX Dome Hood	
Part No.	**Description**
70376983	FX-Dome hood-ESD/EX-50/75/100. Black dome hood, made of conductive ABS plastic, is designed to capture high dispersion contaminants, which is explosive or has a risk of electrostatic discharges. It can be attached directly on minihood, irrespective of arm size. The ergonomics of handle design on both sides of the hood make it easier to maneuver.

FX Metal Hood	
Part No.	**Description**
70500544	FX-Metal hood-ESD/EX-D50/75/100. ESD conductive black metal hood, made of anodized aluminium, is designed to capture contaminants in high temperature, aggressive fume where corrosion resistance must be assured or explosive dust splatter. It can be attached directly on minihood, irrespective of arm size.

FX Flange Hood	
Part No.	**Description**
70502944	FX-Flange hood-ESD/EX-D50/75/100. Black flange hood, made of conductive ABS plastic, is designed to maximise the capture zone without hinder objects on the bench or the user. It can be attached directly on minihood, irrespective of arm size.

NEDERMAN FX2 ESD/EX ARM HOODS & ACCESSORIES

| Part No.	Description	Image
70374600	**FX-Cut2fit extension-L2200.** Cut2fit extension could be at any length and should be assembled together with the classic bracket for mounting FX2 50/75/100 arms on the ceiling or wall.	
70377037	**FX2-Duct connector-ESD/EX-D50.** Conductive black duct connector to ease the coupling of 77mm Alu duct to external 80mm ductwork. Please note all arms are already supplied with a duct connector as standard.	
70377042	**FX2-Bracket kit-D50/75/100-L500.** Complete mounting kit, with the classic bracket, 500mm (19.68 inch) extension profile and associated parts, for mounting FX2 50/75/100 arms on the ceiling.	
70377044	**FX2-Wall BRKT kit-Flat-L190-Black.** Complete mounting kit, with flat wall bracke, 190 mm (7.48 inch) extension profile and associated parts, for mounting FX2 50/75/100 arms with 250 mm (9.84 inch) from the vertical centre line of the arm to the wall.	
70377045	**FX2-Ceiling cover plate-PLUS**, Cover false/dropped ceiling opening caused by tube.	
70377056	**FX2-Al duct-L1000-D50toD77**. Aluminium duct with 77mm (3 inch) diameter and 1000mm (39.37 inch) length is designed to replace vertical ventilation duct above the swivel of FX2 50 arm. This is a good looking alternative to standard, ventilation duct.	
70377057	**FX2-Al duct-L2000-D50toD77**. Aluminium duct with 77mm (3 inch) diameter and 2000 mm(78.74 inch) length is designed to replace vertical ventilation duct above the swivel of FX2 50 arm. This is a good looking alternative to standard, ventilation duct.

NEDERMAN FX2 ESD/EX ARM HOODS & ACCESSORIES

Part No.	Description	Image
70377067	**FX2-Hose support ring-D75.** Place into the 75 mm (3 inch) hose to support the connection between the hose and the duct connector of the arm.	
70377101	**FX-Hose-ESD-D75-L3000-Black-Flexible** hose in black conductive PE with 75mm (3 inch) diameter and 3000 mm (118.11 inch) length. It shall be used with hose support ring to connect hose to arm.	
70501144	**FX-Bracket kit-D50/75/100-L190**	
70501244	FX-Classic bracket-D50/75/100. The classic bracket should be used together with Cut2fit extension profile for mounting FX2 50/75/100 arms on the ceiling, wall, floor or on top of other horizontal surface.	
70501344	**FX-Cut2fit extension-L1100.** Cut2fit extension could be cut at any length and should be assembled together with the classic bracket for mounting FX2 50/75/100 arms on the ceiling or wall.	
70501444	**FX2-Bench bracket kit-D50/75/100**, Complete mounting kit for mounting FX2 50/75/100 arms on the bench edge.	
70502644	**FX-Ceiling cover plate**. Cover false/dropped ceiling openings caused by both extension profile and ducting.

NEDERMAN FX2 ESD/EX ARM HOODS & ACCESSORIES

Part No.	Description	Image
70377039	**FX2-Duct connector-ESD/EX-D75**	
70377041	**FX2-Duct connector-ESD/EX-D100.** Conductive black duct connector to ease the coupling of 100 mm (4 inch). Alu duct to external 125 mm (5 inch) ductwork. Please note all arms are already supplied with a duct connector as standard.	
70377058	**FX2-Al duct-L1000-D75/100 to D100** Aluminium duct with 100 mm (4 inch) diameter and 1000 mm (39.37 inch) length is designed to replace vertical ventilation duct above the swivel of FX2 75/100 arm. This is a good looking alternative to standard, ventilation duct.	
70377059	**FX2-Al duct-L2000-D75/100 to D100** Aluminium duct with 100 mm (4 inch) diameter and 2000 mm (78.74 inch) length is designed to replace vertical ventilation duct above the swivel of FX2 75/100 arm. This is a good looking alternative to standard, ventilation duct.	
70377068	**FX2-Hose support ring-D100.** Place into the 100 mm (4 inch) hose to support the connection between the hose and the duct connector of the arm. A must to connect the hose to arm.	
70377069	**FX2-Hose support ring-D125.** Place into the 125 mm (5 inch) hose to support the connection between the hose and the duct connector of the arm. A must to connect the hose to arm.	
70377102	**FX-Hose-ESD-D100-L3000-Black-Flexible** hose in black conductive PE with 100 mm (4 inch) diameter and 3000 mm (118.11 inch) length. It shall be used with hose support ring to connect hose to arm.	
70377103	**FX-Hose-ESD-D125-L5000-Black** - Flexible hose in black conductive PE with 125 mm (5 inch) diameter and 5000 mm (195.85 inch) length. It shall be used with hose support ring to connect hose to arm.
