

NEDERMAN INDUSTRIAL VACUUM CLEANER 116E

DESCRIPTION

The Industrial Vacuum Cleaner 116E is a light and easy industrial dry vacuum cleaner with tippable container.

The unit is electrically driven and designed for extraction of dusts such as powder, granules and hazardous materials.

By installing a disposable filter bag in the container the dust can be collected directly into the bag.

Thereby contact with e.g. collected hazardous material is minimized.

The dry vacuum cleaner equipment is light and easy to handle.

- Double filter stage
- Tippable container
- Quick powder and dust recovery
