

NEDERMAN CABLE REEL C20

DESCRIPTION

The Nederman C20 is a safe and functional high quality power cable reel with robust design in high impact composite material. The power cable reel is retractable and has an optimized spring force, ensuring that the cable retracts smoothly and evenly onto the drum.

The Nederman power cable reel C20 reel is very easy to mount, either on walls or in ceilings and is supplied with an easily mounted snap-on, pivoting wall bracket and a unique safety latch for safe and easy service of electricity. The retractable power cable reel is equally suitable for electrical tools and hand lamps and has a thermal overload protection. The cable reel C20 has a cable distribution length up to 12 m.
